CARRER INTEREST

Full Stack Web Development Continuous Learning and Emerging Technologies Front-End Development and Responsive UI Design Backend Development using Java and Spring Boot

PROJECTS

Aug 2026 – Present

MY PORTFOLIO • PUNE

Developed and deployed a responsive personal portfolio website to showcase technical skills, projects, education, and internship experience

- Implemented interactive interface elements and an EmailJS contact form.
- Developed a responsive personal portfolio using HTML5, CSS3, and JavaScript.
- Showcased technical skills, academic qualifications, projects, and internship experience.
- Implemented interactive UI features, including theme switching, typing animation, and scroll navigation.

2025 – Present

AGROSTOCK • Pune, Maharashtra, India

Agricultural Retail Billing Software

- Developed a web-based billing software concept for agricultural retail businesses.
- Project scope focuses on product and billing data management through a web interface and database-backed application.
- Designed around a HTML/CSS, React Frontend , Java/Spring Boot backend and MySQL database.
- The application provides an efficient platform for managing products, inventory, billing, suppliers, customers, and sales records
- The motivation behind AGROSTOCK is to provide a centralized web-based platform that digitizes agricultural retail operations.
